

AUN Quality Assessment at Faculty of Physics (16-18 Sept 2015)

From 16th to 18th September 2015, the Faculty of Physics proudly receive the AUN-QA Secretariat and Assessors who will be performing the quality assessment of the Program of Bachelor of Science in Physics.

The ASEAN University Network Quality Assurance (AUN-QA) was initiated in 1998 by Professor Dr. Vanchai Sirichana, the first Chairman of the AUN Board of Trustees (AUN-BOT). The following year was chosen as the AUN Year of Quality Education. The assessment procedure evaluates satisfaction and benefits of the stakeholders namely the educational institution, students and employers. Nowadays, the AUN-QA Model for Programme Level consists of 15 criteria and 68 statements.

Physics Programme of the Faculty of Physics FoP has the fundamental aims of producing Bachelor of Science in Physics of high quality and with strong creativity; moving toward producing new knowledge in the field of Physics. Being the number one institution nationwide in training Physics professionals of high quality, the Faculty of Physics has always taken the issue of quality assurance seriously. The AUN Quality Assessment at Program level for Bachelor of Science in Physics at our Faculty is a major milestone and an important part of the Faculty's quality assessment efforts that subject its programs to evaluation and accreditation by international bodies. The assessment is a systematic process of collecting and analyzing important quantitative and qualitative information to evaluate the education quality of our Faculty in an objective way. This AUN-QA accreditation will help FoP in improving the quality of teaching and learning process in harmony with the international standards. Moreover, it will provide one of the most valuable bases for the FoP as well as the VNU University of Science to initiate plans for further improvement.
